Mrs. Nevada Briggs, the baking expert, says:

"There is just one way to make your cakes rise high and evenlygive them time to rise before a crust is formed and the batter is a stiffened by cooking."

"If using a gas, gasoline or oil stove, light your oven when you put the cake in and keep the flame low until the cake has doubled in bulk; then increase the heat until it is evenly browned and will respond to the pressure of the finger. If using a coal or wood range, leave the oven door open until the cake is in; then turn on the drafts and by the time the oven is at baking temperature, the cake will have raised sufficiently."

For rich, moist, feathery cakes Mrs. Briggs always recommends

It is double acting and sustains the raise. You can open and close the oven door, turn the tin around in the oven or do anything else necessary, without any danger of making the

"There will be no strike of the conductors and railroad trainmen in the east, in my opinion, said T. M. Schu-macher, vice president of the El Paso & Southwestern railroad system, who was in El Paso from New York, Saturday and Sunday, accompanying A. C.

Continuing, Mr. Schumacher said:
"That will be settled by Arbitration.
Those things always are newadays.
There is no need for strikes; there always is a way out of those things."
"Wren will you exchange business with the Southern Pacific line at Tucton, Ariz." he was asked. "I do not know; I wish I did," he replied.
"Will you sink your tracks in El Paso?" "There, has been some talk of that, but it has never been taken up

"What of building a loop around by the river and abandoning your present track through town?" "I know nothing of that. It has never been brought up. "What of the line from Whitewater to the Burro mountains?" "We are about ready to go shead on that. It is only 18 miles long and will run to the Burro mountain mine."

"You were quoted as having said in California several months ago that the Southwestern would build to the coast." "I never said that. We have no intention of building beyond Tucson."

"Will you build to any of the mining camps in the vicinity of Tucson." "No we have no intention of doing that." "Will you make any local improve-ents at this time?" "No, we have
